

# Buy One, Gift One

at Ashley Logan Wellness

The intention of Ashley Logan Wellness coaching is to return to balance - the natural state of well-being we often lose through the demands and pressures of our daily life and environment. Ashley's coaching modalities are specifically designed to help you re-center, reset and reconnect to what matters most. Give the gift of optimal health and well-being. Buy yourself a 50-minute health and wellness coaching session (\$225 value) and gift one (for free) to someone you love this holiday season. You deserve to feel your best.

#### Terms and Conditions

Both sessions must be booked within 3 months of purchase date.
